

SEPTEMBER 7, 2017

ABRAHAM LINCOLN SPRINGFIELD HOTEL
701 E ADAMS ST. SPRINGFIELD, IL 62701

SEE FOR YOURSELF HOW WE HELP HOSPITALS THRIVE

Since our founding in 1997 as a clinic struggling to get paid for patient care, athenahealth® has been dedicated to making healthcare work as it should. Today, our network-based services help hospitals like yours realize exceptional clinical and financial outcomes, and thrive in the face of industry change.

We cordially invite you and a few colleagues from your organization to learn more about athenahealth. You'll learn how athenahealth is building the national health information backbone. You'll spend time with athenahealth leadership and learn how athenahealth is partnering with other hospitals like yours. And you'll network with your peers who, like you, want to expand the vital role their hospitals play in their communities and in the continuum of care.

athenahealth will cover hotel accommodations as needed as well as parking at the hotel.
