

### World Stroke Day is October 29.

Join millions around the world in spreading the word about secondary stroke prevention and treatment. One day together can help fight stroke 365 days a year.

# Dates to Remember

■ OCT. 10 @ 12 PM

Visit www.aha.org/ teamtraining to register for the free monthly webinar, "Hardwiring TeamSTEPPS Into Trauma Resuscitations: Optimizing Tar Heel Trauma Care."

#### ■ OCT. 22 @ 11 AM

Please watch for an invite from Renee with "Get With the Guidelines." She will be providing a webinar to review use of the GWTC website.

#### Education, Resources & Websites

The American Heart Association: https:// learn.heart.org

ICAHN Website: www. icahn.org

## l plan to PRACTICE PREVENTION

instead of having another stroke.

About one in four stroke survivors is at risk for another. Fortunately, most strokes can be preventable.

#### October is Breast Cancer Awareness Month.

Combine a Stroke Awareness and Breast Cancer Awareness booth! Engaging the community outside of the gym as everyone arrives/during/leaving a high school volleyball game is a great way to do this and promote your hospital!
